

PUBLIC MEETINGS.

AMERICAN BIBLE SOCIETY.
The stated monthly meeting was held on the 4th inst. Two new auxiliaries were recognized both in Kentucky.

And from the letters from agents and auxiliaries, several were read from foreign countries, viz: One from the Secretary of the British and Foreign Bible Society, showing its increasing prosperity, and stating that a new History of that institution had just been published, and would soon be forwarded. Letters were also read from Paris and Geneva, in regard to the prospect of circulating the Bible in Italy. A communication was also read from the Rev. Drs. Goodell and Briggs of Constantinople, as a Joint Committee, presenting a highly encouraging view of the calls for the Scriptures in that quarter of the world.

Grants of books were made for various home objects, Schools, Sunday Schools, for the convicts of the State, for the prisoners at Sing Sing (in English, German, French, and Italian), volumes in raised letters for the blind; in Spanish, for distribution at Corpus Christi, Texas; in French for Father Chiquery, his 400 copies, in the same language, for a Missionary Society in Canada; 600 copies to the American Board of Commissioners for Foreign Missions, in Armenian, for Turkey, 1,000 copies; to the same in Mongwe, for West Africa; and to the Protestant Episcopal Missionary Society, a small font of type, for use of Bishop Boone, in printing the Chinese in the colloquial dialect. The Rev. Dr. Hendricks, one of the secretaries, embarked on the "Athletia," as authorized by the Board, with the intention of visiting, for a few weeks, London, Paris, Geneva, and one or two points in Germany, that he may confer with friends of the Bible in those countries, and see what can be done to promote the cause of the Bible in different parts of the world. He will probably return about the middle of September. Letters from him, and indeed for any of the officers, on business, should be directed officially always.

THE JOURNEMEN BAKERS.

A meeting of journeymen bakers was held at Convention hall, on Saturday evening, to protest against the extended hours of labor at present inflicted on the bakers of this city. The attendance was rather large, and continued to increase as the evening advanced, averaging on the whole about 300 persons.

On motion, Mr. James Parker was called to the chair, and Patrick Danahoe was elected Secretary. Mr. Jackson, the first speaker, spoke of the necessity for some union among the journeymen bakers to put an end to the present system of labor. Twelve hours a day was quite enough for them to labor, and he thought it was their right as well as their duty to protest against the twenty hours labor to which they were now subjected. They ought to understand the importance of their position in this as in all communities. The journeymen baker was as important an individual as any other citizen, and if they were to refuse to work and a cry were to be raised for bread, there would be a dreadful revolution. He urged upon every baker the necessity of meeting this question with a determined spirit.

Mr. Scates followed with a genuine Miltian speech, beginning with the period of his Cork education, and winding up with the anticipated period of his death—saying as little as possible about love. Mr. SIBBELL followed with a German speech, inviting all the city to take on the city on an occasion of so much importance to themselves.

Another German, Mr. JACOB GROSSMUTH, followed in a similar strain.

The German bakers were desperately enthusiastic, and received the exhortations of the different speakers with cheer.

The CHAIRMAN stated that it was now one month since the organization was begun, and reminded the members that their fees should be paid up.

Several other speeches were made, all tending to the same purpose—to protest against twenty hours of labor. The arrangements were also made to inform the members of the proceedings of the meeting in the usual official manner.

The following resolution was then proposed by Mr. SCATES, seconded in due form, and carried with unanimous applause:

Resolved, That the hours of labor now imposed upon the journeymen bakers of the City of New York—twenty hours in each day—have become intolerable, and as the health of the operative must suffer from it, we therefore petition the Board of Health to take into consideration and reduce our hours of labor to twelve instead of twenty hours per day, and also to ignore the Sunday delivery of bread in the city altogether.

The meeting then adjourned.

MARINE AFFAIRS.

THE THUNDERSTORM AT SEA.

Captain Congdon of ship Caroline Tucker, from Calais, reports: August 3, was off Barnegat in seventeen fathoms water; stood up along the land about a north course; was off the Highlands on the afternoon of the 4th in eighteen fathoms water, and not having a pilot, was obliged to haul off S. S. E. at 7 p. m.; very heavy thunder squalls coming off the land. During the night we had continued heavy thunder, with most vivid flashes of lightning over the whole heavens; the ship's mast heads, the ends of the sky-sail and royal yards were covered with false lights or halbs of fire about the size of a small globe lantern, the air being filled apparently with foul electric fluid, which ignited probably as it comes in contact with harder bodies. Capt. Congdon says this night caused him more anxiety than any night off Cape Horn. The thunder, lightning, deluge of rain and gusts of wind, were at times appalling. The ship was under three close-reefed topsails.

CRUISE OF THE NEW-YORK YACHT CLUB.

The Squadron of the New-York Yacht Club gathered at Whitestar, near Glen Cove, on the Sound, last Saturday, and sailed on the annual cruise. New-Haven, New-Bedford, Edgartown, Newport, and Martha's Vineyard, will be visited in the course of the trip. A band of musicians will accompany the yachts. About 25 vessels were expected to take part in the cruise.

FOR EUROPE.

The steamer Jura sailed in this port on Saturday for Liverpool, with 150,000 in specie. She took no passengers. The New York also sailed on Saturday for Bremen. She carried out 62 passengers.

AMUSEMENTS.

NIBLO'S GARDEN.—On Thursday evening appeared, for the first time in America, the new dancer, Mlle. Maria Hennecart, who came to this country to play a first season with the Ravel Company. The most glorified exponents of the to-doiny-nine-people-in-a-hundred-to-ally-incomprehensible ballet, have ever appeared with the Ravel, and the lady at present under consideration, is worthy to be classed with the former ones who have best pleased the public. So far as youth and beauty are prepossessing, so far as she doubtless has a strong claim on her audience, and it is not impossible that these two qualifications alone would have availed to carry her triumphantly through the tryingness of a first night in a strange land, even had not her recommendations to favor been lacking. But Mlle. Hennecart is a graceful and pleasing dancer, although her more subdued and easy style is in strong contrast to the force and dash of Mlle. Robert, who was recently so great a favorite here. Her success has been gratifying, and the management have to congratulate themselves on their sagacity in securing so attractive an addition to their already strong company.

WALLACK'S THEATRE.—Mr. and Mrs. Florence continue to attract good houses by their amusing performance in the successful burlesque of "Lalla Rookh." It has already been played three weeks, and is now announced for the present one; it will undoubtedly run during Mr. Florence's season, which, we understand, will close on the 20th. Mr. and Mrs. Florence will not visit Europe this Fall, as intended, but will play a series of engagements through the States this Fall and Winter, and proceed to Europe in the Spring.

BARNUM'S MUSEUM.—The Museum will be reopened for dramatic performances this evening by a company of comedians, whose intention it is to give a series of light performances, including of pantomimes, burlesques, vaudevilles, ballets, farces, &c. The Rouben Ballet troupe will appear in connection with the dramatic company.

BOVEY THEATRE.—To-night the new management, Messrs. Allen & Boniface, assume the reins at the house, opening their season with "Romeo and Juliet," and then the wounded man was picked

up insensible, from loss of blood, by the police and taken to the Hospital. The rowdies escaped.

NATIONAL THEATRE.—Little Lolo, a "youthful wonder," is the attraction here, and appears to be one more word each evening. We notice that Mr. W. M. Ward, an actor of considerable merit, is announced as stage manager.

NIBLO'S MINSTRELS.—Bryant's, Wood's, and Buckley's Minstrels are doing their usual amount of fun and merriment at their several places, and attract goodly houses nightly, which speaks well for their hot-weather performances.

PALACE GARDEN.—Sr. Guidi and Miss Maria Brainerd are the specialties announced for the present week.

THE RAVELS.—The dramatic person of *The Sunday Times* of yesterday, in noticing the appearance of the Ravels at Niblo's says: "Gabriel, Francois, and Antoine were received enthusiastically." As Antoine Ravels has not been within thousands of miles of Niblo's for several months, he should feel exceedingly grateful to any audience for so much enthusiasm.

THE STATE FAIR.—The work on the State Fair grounds is progressing with all proper dispatch. Thirty of the fifty acres selected for the use of the Fair are already mowed, and the buildings are commenced.

The entire grounds are thoroughly drained, so that no permanent inconvenience will result from a rain. It is arranged that there shall be public meetings every evening in the Lecture Room of the Agricultural Hall; and the Executive Committee will meet every evening in their rooms.

John A. Dix, esq., has formally accepted the invitation to deliver the annual address.

The 4th, 5th, 6th, and 7th days of October will be great days in Albany. [Albany Journal, Aug. 6.]

CITY ITEMS.

CHILDREN LEFT IN A STARVING CONDITION.—On Wednesday last, Mr. Henry H. Tins of No. 239 West Forty-third street, went to the tenement house No. 313 West Forty-fourth street, for the purpose of collecting rent from one of his tenants, named Todd. He found the door locked, but hearing the children within, gained access, and there found four children, the oldest 7 years and the youngest 9 months old, in a starving and dying condition. The infant was found stretched on a pallet of wet straw, totally naked, very much emaciated, covered with flies, and apparently dead. Two of the other children were partially naked, and the room was wretched in the extreme, and there was not a morsel of food in the house. Upon inquiry, Mr. Tins learned that the morning previous the mother of the children was sent to Blackwell's Island as a habitual drunkard, on complaint of her husband, who promised Justice Kelly that he would take good care of the children. It appeared, however, that Todd had looked the children in, and had not been home since the mother was taken away, some 24 hours previous. Upon Mr. Tins making affidavit of these facts, Justice Kelly caused the children to be sent to the Home of the Friendless. Todd is making efforts to get the custody of his children, but it is to be hoped for their sake that he will be unsuccessful.

ANOTHER RAID ON THE PIGGIES.—The stand taken by the City Inspector against the piggies has begun to have its legitimate effect. His avowed determination to banish the last one of the unclean beasts from Manhattan Island, and the strong measures he has already adopted to carry out this object, have convinced many of the pig owners that it is useless to resist. During the past week notices have been served upon about sixty owners of pigs and piggies, between Forty and Eighty-sixth streets, including a district well known as "The Bush," and taking a strong force under Capt. Downing will make a raid on that locality. Several home-bellied establishments are included in the notices, and will be duly "abated." As the region heretofore purified has been styled the Mallock of Piggdom, "The Bush" is expected to be the Sodom of the war. The City Inspector has resolved that Manhattan must be free from nuisances of all kinds, from the Battery to Harlem River.

DARING HIGHWAY ROBBERY.—On Saturday morning, as Mrs. Cornelia B. Barklow of Poughkeepsie, was walking up Sixth avenue, a young fellow seized hold of a purse which she was suspended, from her arm, and wrenching off the chain, ran up West Nineteenth street. Several citizens saw the movement and pursued the prisoner, who, finding that he was likely to be taken, threw the purse, which contained \$50, into a yard. The fellow was finally captured by Officer Ferguson, of the Sixteenth Precinct, and gave his name as Thomas Hutchings. In the absence of Justice Kelly, Alderman Starr committed the accused in default of \$1,000 bail for trial. Hutchings is 19 years of age, and claims to be a bar-tender and waiter.

FEEL FROM HIS COACH.—A hackman named Michael Horn, while intoxicated, on Friday, fell from his coach, which was at the corner of Broadway and Twelfth street, and sustained a fracture of his arm.

ESCAPED FROM THE CELLS.—A prisoner named Timothy Flynn, locked up in the First Ward Station, for assault and battery, made his escape on Friday night by picking the lock of the cell door.

FATAL BURNING-FLUID CASUALTY.—On Saturday evening, about 10 o'clock, Emma Stevens, a girl only 14 years of age, who lived in the second story of tenement house No. 14 Allen-street, was terribly burned by her clothes taking fire from the upsetting or explosion of a fluid lamp which she was about to fill. A doctor was called, but he could render only temporary relief, and death ensued the following morning. Coroner Jackson was notified to hold an inquest.

ADVENTURES OF AN M. D.—A good-looking and fashionably-dressed Englishman, named Thomas T. Ellis, M. D., was brought before Justice Connolly, at the Lower Police Court, on a charge of swindling, on Saturday. Murphy out of \$500. The prisoner, it is alleged, called at the store of complainant, No. 17 Bleecker street, and, by means of representations, which were made to him, succeeded in obtaining clothing to the amount of \$500. The prisoner represented that he had two houses in Brooklyn, and that he was about to leave for a tour of the West. The prisoner represented that he had two houses in Brooklyn, and that he was about to leave for a tour of the West. The prisoner represented that he had two houses in Brooklyn, and that he was about to leave for a tour of the West.

A TESTIMONIAL.—The detectives attached to the Police Headquarters have had prepared a handsome frame containing the autographs of each member of the squad, with an excellent likeness of Deputy-Superintendent Carpenter, Capt. Walling, and Sergeant's Dickson and Lefferts. It was all arranged and selected before the late resolution of the Board prohibiting presents to superiors, and therefore does not come under that resolution. It will be presented to Deputy-Superintendent Carpenter some time this week.

A MAN ACCIDENTALLY SHOT AND KILLED BY A POLICEMAN.—On Saturday afternoon a horse took fright in Chatham street, and ran off at a rapid pace until he reached the corner of Spruce and Gold streets, where he came, head foremost, against a post, and was thrown to the pavement, receiving fatal injuries. Policeman Adolphus Dubois of the Second Ward was requested by the owner to shoot the animal. Raising his pistol to take aim, it unexpectedly went off, and the ball from it struck Jacob Ottenger, a German, who was standing by, in the head, killing him almost instantly. The body of deceased was taken to the Station-House, and Coroner Jackson yesterday held an inquest upon it. The jury, after investigating the circumstances of the case, rendered a verdict of "Accidental death," and exonerated the officer from all blame. Deceased worked in a type foundry, and was on his way home when he was shot. He was 35 years of age, and leaves a wife and family.

MURDEROUS ASSAULT.—On Saturday night Adam Richardson, a canal-barge captain, was enticed into a raffish resort in Battery place, and there got into an altercation with some rowdies. Soon after leaving he was followed and attacked by one of them, who knocked him down, cut his throat, chin and head with a knife, and then fled. The wounded man was picked

up insensible, from loss of blood, by the police and taken to the Hospital. The rowdies escaped.

SERDENT DEATH OF A PHYSICIAN.—About 12 o'clock Saturday night Dr. Peter Hutchison, who lived at No. 58 Hudson street, was found sitting in his chair quite insensible. He was black in the face, which fact greatly alarmed his wife, who came in from the street at that time. She called Dr. Kennedy, and toward morning Dr. Dalyne was sent for. As the friends of the sufferer supposed he had taken poison the stomach pump was used, but without availing at any satisfactory conclusion. Dr. Dalyne could not detect the presence of any poison, and was of opinion that Mr. Hutchison had an apoplectic fit, superinduced by intemperance. The patient continued to fail, and died at 3 o'clock the following morning. Coroner Jackson subsequently held an inquest, when it appeared from the testimony of Mrs. Hutchison that her husband had been very intemperate in his habits for several weeks, but more particularly during the past few days. For some trivial offense he had been arrested and locked in one of the Station-Houses all Friday night, which fact seemed to degrade him in his own estimation and drove him to more excessive indulgence in drink, if possible, than he had been previously addicted to. In years past, when inebriated, Dr. Hutchison had laid violent hands upon his wife, and on several occasions beat and cut her severely. Drs. Finnell and Gallagher made a post mortem examination, and found congestion of the brain sufficient to cause death. The jury accordingly rendered a verdict to that effect. Deceased was 36 years of age, and a native of Scotland. He graduated in Edinburgh some years ago and was considered a man of fine talents.

DEATH FROM DROWNING.—Coroner Jackson held an inquest on the body of Michael Murphy, who fell into the dock at No. 227 of the North River, and was drowned. It is supposed deceased was intoxicated at the time of the occurrence. Murphy was 35 years of age, and a native of Ireland.

DIED OF HIS INJURIES.—Patrick Hayes, formerly a convict, died in the New York Hospital from the effects of injuries received on the 12th inst. Deceased was in Market street, near the corner of Broadway, when he was struck by a horse and cart, and fell, his head striking the curb, and his body being run over by the wheels of the cart. He was taken to the hospital, and died at 10 o'clock the following morning. Hayes was 35 years of age, and a native of Ireland.

FATAL FALL FROM A WINDOW.—George Morgan, a 32 years of age, whose parents reside at No. 1073 Broadway, was walking in a room on the second floor of the building, when he fell from a window to the sidewalk, and was so badly injured that he died in 30 minutes after. An inquest will be held by Coroner Jackson.

THE CASE OF WHITE & MORSE.—Dealers in patent medicines, who were arrested some weeks ago, charged by George W. Morse, a well-known physician, with the sale of a medicine of about \$500, had for some time been under investigation before Justice Chalmers, and has remained in the accused being held to bail to answer the charge on the 10th inst.

DROWNED.—A man named Christian Heilmann was drowned on Friday night while bathing at the Battery. He went out into the water, and was seen to struggle, and was not seen again until he was found floating on his back, and not being able to swim, was drowned. The body was recovered, and an inquest was held Saturday by Coroner O'Keefe.

FOUND DROWNED.—The body of a man, supposed to be that of Wm. F. McKinstry, was found of Governor's Island, and was taken to the morgue. It was supposed to be a case of supposed accidental drowning was rendered.

ARREST OF A CONFIDENT MAN.—James Sherman, alias Cobb, the well-known confidence operator, was arrested on Saturday last, and charged with dishonest practices in the mode of obtaining a loan. He was held by the Mayor for examination.

SUDDEN DEATH.—Mr. Michael A. Tins, residing at No. 51 Bond street, Brooklyn, formerly of the firm of Hiram & Tins, four dealers, of this city—died on Saturday morning on board one of the South Ferry boats.

ARRESTS.—The crew of boat No. 7 of the Harbor Police, a red-oak, on Saturday, six men from on board the British bark, lying off Red Hook, were arrested. They were charged with being drunk, and with having a pistol. Their names are William Johnson, Harry Lawrence, William Becket, Morris Morris, Joseph Jones, John Summers.

BRADY'S GALLERY.
REMOVED FROM NO. 329 BROADWAY TO NO. 563 BROADWAY, corner of Blocker-st.

PHOTOGRAPHS, DAGUERRETYPE AND AMBROTYPE.

EDWARD H. DIXON, M. D., Editor of The Scalpel. devotes his attention exclusively to Operative Surgery and Office Consultations on the more obscure diseases of the Female System, including, Pains and Complaints of the Rectum are cured without the knife or lithotomy, by a process requiring no sedatives. Office hours from 10 a. m. to 6 p. m. on weekdays. Dr. H. is at his private Hospital, where spacious apartments and the most perfect in the city, with separate rooms for ladies, and a full and complete medical and surgical apparatus, are provided for those who require more serious operations or a long residence.

The Office of The Scalpel is at No. 1 Vesey-st., Astor House, where all literary and business communications must be left.

EXACTING OCCASION.—They commenced with a new company of actors of the charmingly reasonable entertainment, the Summer Dramatic Society, TO-DAY at DANIEL'S MUSIC-HALL. Expectation is on the tip-toe to see the thrilling performance of the "Lionel Lincoln," by Mr. J. H. Mason, Miss Daisy, Miss Farce, Pantomime, &c., this AFTERNOON and EVENING.

YOUNG MEN CAN LEARN THEIR TRUE PURSUIT. and parents how to train their children, for virtue, usefulness and happiness. A course of PRACTICAL EXAMINATION at FOLEY & WELLS, No. 506 Broadway.

BROOKLYN ITEMS.

THE LATE WIFE MURDER IN COMMERCE STREET.—Coroner Seel viewed the body of Catherine Noonan on Saturday, she having been, as alleged, beaten to death by her husband, Patrick Noonan, at their residence in Commerce street, near Van Brunt, on the evening previous. A post-mortem examination of the body was made by Drs. Bauer, Van Zandt and Murphy, who found extensive contusions on the body, bowels, hips, head and lower extremities. There were internal lesions corresponding with these wounds in the bowels and lungs. There was a fracture of two of the ribs of the right side, with a corresponding laceration of the pleura and lungs; fracture of the temporal bone of the skull on the right side, with congestion of the brain, and extreme effusion of blood on the brain.

The following jury was impaneled, and the inquest was adjourned until Tuesday next at 2 o'clock: E. B. Shaw, John McClellay, John B. Masters, Thomas Kelly, Robt. Moran, Edward Huff, and Pat. Conlon.

The accused, who is under arrest, states that his wife was in the street, drunk and very noisy; that he dragged her through the entry, and that she fell down the back stoop and hurt herself; he then got her up stairs, and went out for a neighbor, seeing that she had been greatly injured; in the mean time, the neighbors came in, and she died soon after. The deceased leaves two small children.

POISONED CHEESE.—Some weeks since a number of families were made sick by eating cheese, which was manufactured at Granville, Washington County, and sold at groceries throughout the city. It was also ascertained that a number of persons in Baltimore, Md., had been poisoned by eating cheese which had come from the same manufacturer. Surgeon Ball examined himself in the matter and procured an examination of some of the pieces by Mr. Close, druggist in Fulton street, which resulted in finding some arsenic particles in the substance with which the rind was coated. A more thorough examination was subsequently made by Dr. George R. Smith, who was, however, unable to find any poisonous substances in the specimens which had been sent to him. He quotes from the 6th London edition of Taylor's Medical Jurisprudence, published in 1858, which says:

"Cheese has frequently given rise to symptoms of poisoning in Germany, and has been the cause of the having proved fatal in England. The symptoms produced by the cheese have been those of irritant poisoning. The nature of the poison was not ascertained, but it is undoubtedly that of the purified state of the acid. Arsenic has been supposed that the poison occasionally derived from certain vegetables on which the cheese is made."

None of the cases in this city or elsewhere have proved fatal. Some of the parties remained sick, however, for several days.

APPOINTMENT.—Mr. Merrill Colvin has been appointed Deputy Clerk of the Brooklyn City Court.

CITY MORTALITY.—The total number of deaths in this city last week was 14, being an increase of 6 over the preceding week. Of these 35 were adults, and 112 under 21 years of age. The number under one year of age was 65. The principal causes were: Cholera infantum, 34; consumption, 16; infantile marasmus, 12; infantile convulsions, 8; scarlet fever, 5; remittent and typhus fever, 2 each; puerperal and typhoid, 1 each; &c. Natives of the United States, 115; Ireland, 23; Germany, 3; Scotland and Sweden, 2 each; Denmark, 1; unknown, 1.

THE ATLANTIC-STREET RAILROAD.—The rails for the horse road on this street have been laid nearly to Court street, and it will now take but a short time to join with the Long Island Railroad track at Boerum street, thus making a continuous line to Bedford.

A row of houses on Franklin avenue, near Putnam avenue, were much damaged by the storm on Friday.

The City Hall clock is at a stand still. The hands remain stationary at 11 o'clock. It has been in this condition over a week, and it is almost time that some action was done to regulate it. As it is, the public look upon it as a worthless affair, and place no reliance upon it.

A DESTRUCTIVE COACHMAN.—Delicious Higgins yesterday arrived from Philadelphia, a coachman in the employ of George Patterson, an Irish laborer, of years of age, who died of cholera in the city. Higgins was a well-known coachman, and was employed by Patterson in the city. Higgins was a well-known coachman, and was employed by Patterson in the city.

CHARGE OF FRAUDULENT ASSAULT.—A man named David Lee was arrested on Saturday night, on the charge of a fraudulent assault. He was charged with having assaulted a woman named Mary Lee, who was a well-known actress in the city. Higgins was a well-known coachman, and was employed by Patterson in the city.

SEVERELY INJURED.—Yesterday a gentleman about 60 years of age, residing near the corner of Fulton street, was severely injured by a horse and cart. He was taken to the hospital, and died at 10 o'clock the following morning. Higgins was a well-known coachman, and was employed by Patterson in the city.

BURGLARY.—Nicholas Powers and James Farrell were arrested on Saturday night, on the charge of burglary. They were charged with having burgled a house in the city. Higgins was a well-known coachman, and was employed by Patterson in the city.

DROWNED.—Yesterday afternoon, an Italian, residing in Battery street, near the corner of Fulton street, was drowned while bathing at the Battery. He was taken to the hospital, and died at 10 o'clock the following morning. Higgins was a well-known coachman, and was employed by Patterson in the city.

FIRE.—About 4 o'clock, Saturday afternoon, a fire broke out in the office of John R. Brown, corner of Wall street, and Mary avenue. The fire was extinguished, with about \$200 damage. Higgins was a well-known coachman, and was employed by Patterson in the city.

ATTEMPT AT BURGLARY.—Saturday night, some thieves attempted to enter the house of Mr. Talmadge in the city. They were detected, and the thieves escaped before assistance could be called. Higgins was a well-known coachman, and was employed by Patterson in the city.

MALICIOUS MISCHIEF.—A boy named Patrick Callahan was arrested yesterday, for setting the cables of one of the Greatpoint ferry boats by cutting them with a knife. He was locked up for examination.

DISTURBANCE IN GRAND STREET.—Yesterday afternoon a disturbance took place in Grand street, near the corner of Fulton street, between a group of men and a woman. The disturbance was quieted down by the police. Higgins was a well-known coachman, and was employed by Patterson in the city.

ARREST OF A CONFIDENT MAN.—James Sherman, alias Cobb, the well-known confidence operator, was arrested on Saturday last, and charged with dishonest practices in the mode of obtaining a loan. He was held by the Mayor for examination.

SUDDEN DEATH.—Mr. Michael A. Tins, residing at No. 51 Bond street, Brooklyn, formerly of the firm of Hiram & Tins, four dealers, of this city—died on Saturday morning on board one of the South Ferry boats.
